Équilibre

7. Peu à peu à la mer

En blocs basculés dans l'océan avec fracas ; par cliquetis innombrables dégouttant des sommets déblanchis ; dans les lézardes, les lésines, les gouffres, les abîmes, inexorablement l'eau a rejoint la mer où rares se dissolvent sur la houle quelques flocons retenus.

Mer...

Une mer,
toujours plus haut ;
tombant les falaises dans l'onde
où s'ébattent les guillemots,
réabreuvant les terres fécondes
de sel et d'eau.

Éphémère...

Mer.
